- Breeding, Germplasm, and Evaluation
- Cultural Practices
- Education and Outreach
- Enology
- Grapevine Pest & Disease Management

California Grape Rootstock Improvement Commission

Accepting RFPs in the following categories:

- Breeding New Rootstock Materials
- Cleanliness and Sanitation
- Development of Efficient Production Practices

California Grape Rootstock Research Foundation

Accepting RFPs in the following categories:

- Breeding New Rootstock Materials
- Cleanliness and Sanitation
- Development of Efficient Production Practices

Oregon Wine Board

The Oregon Wine Board (<http://industry.oregonwine.org>) is a semi-independent state agency and is charged with supporting enological and viticultural research for the enhancement and promotion of grape growing and winemaking in Oregon. Funds to support this work come from mandatory taxes on grapes used to produce Oregon wine (\$25/ton) and on certain wines sold in Oregon (\$.02/gallon). The OWB appoints an industry-wide Research Committee, which reviews applications and makes funding recommendations to the Board.

Accepting RFPs in the following categories:

- Oregon Wine Board (all)

CDFA Pierce's Disease and Glassy-winged Sharpshooter Board

Applications to the PD/GWSS Board must be submitted through a separate website and are no longer accepted through this Unified Grant Management site. Please visit <https://www.cdfa.ca.gov/pdcp/grants> to apply.

RFPs

Each agency has its own RFP that specifically explains their priorities and criteria. Principal Investigators are advised to read each RFP and apply to as many funding agencies as their project is suited. Only the agencies selected will have the ability to view the proposal online.

Proposal and Report Formats

If you are submitting a proposal to the AVF, CGRIC/CGRFF or OWB, only one online proposal application is needed since the same formats are accepted by each organization.
