If you have questions

We highly encourage you to read our Frequently Asked Questions and informational slides.

Application process

The successful applicant will progress through the three-stage process outlined below.

Please note that successful applicants must contribute funding (“cost share”) equal to a percentage of the total cost of the agreed work package. Please refer to the FAQ document for additional information regarding cost share.

1. Non-confidential Expression of Interest (EOI)

- Fillable template for salient details of proposed project
- Evaluated by CARB-X Research & Development Team for responsiveness
- Visit [Apply Here](#) to begin this process

2. Confidential project narrative and budget (“full proposal”)

- We use cookies to ensure that we give you the best experience on our website. Please visit carb-x.org/legal/ for more information. By clicking “Ok”, you consent to the use of all cookies.
- Execute the CARB-X Non-Disclosure Agreement to begin this phase
 - Fillable template for data-rich proposal, with several required attachments

- Low- and Middle-Income Country (LMIC)-focused programs might qualify for funding through the Official Development Assistance program
- Juried by a multidisciplinary external Advisory Board

3. Focused presentation to Advisory Board

- Short virtual presentation, followed by focused questions and answers
- Juried by a multidisciplinary external Advisory Board
- Recommendations made to CARB-X

Decisions on projects that will advance into negotiations to enter the CARB-X portfolio are made by the CARB-X Investment Committee (CIC).
