## Description

The Esther Katz Rosen Fund\* was established in 1974 by a generous bequest intended to support "...activities related to the advancement and application of knowledge about gifted children."

Rosen Fund grants:

- enable and enhance development of identified gifted and talented children and adolescents
- encourage promising psychologists to continue innovative research and programs in this area

Support will be provided for activities on the advancement and application of knowledge related to identified gifted and talented children and adolescents, such as:

- research
- pilot projects
- research-based programs

## Evaluation criteria

Proposals will be evaluated on:

- conformance with stated program goals and qualifications
- quality and impact of proposed work
- innovation and contribution to the field
- applicant's demonstrated competence and capability to execute the proposed work

\*In November 2013, the American Psychological Foundation Board of Trustees combined the Rosen Graduate Student Fellowship and Rosen Early Career Research Grant into a single program, the Esther Katz Rosen Fund Grants.
