Award for Innovative Mindset (AIM)

The Award for Innovative Mindset (AIM) supports the initial exploration of innovative, high-risk, high-gain, and potentially ground-breaking concepts in FA research, that will foster new directions, bring new perspectives to the field and address neglected issues in FA research. The presentation of preliminary and/or published data is encouraged, but not required.

Studies supported by this award mechanism are expected to lay the groundwork for future avenues of scientific investigation. The proposed research project should include a well-formulated, testable hypothesis based on strong scientific rationale and study design.

Research that is an incremental advance upon published data is not consistent with the intent of this award mechanism. It is the responsibility of the Principal Investigator (PI) to clearly and explicitly articulate how the proposed research project is innovative in the field of FA.

Maximum Budget (USD): \$100,000 for 1 year

Deadlines and Important Dates:

- Letter of Intent (LOI) Deadline: N/A
- Application Deadline: Apr 1
- Award Notice: Jul 1
