## Funding Opportunities

### MDA Development Grants (DG)

The purpose of the Development Grants program is to expand the number of scientists conducting meritorious neuromuscular disease research funding postdoctoral investigators in the laboratory of a senior investigator under whose guidance the researcher will be given flexibility to work independently or as part of a collaborative effort. Applications will be accepted for no more than \$70,000 per year for 3 years.

#### Who can apply?

To be eligible for a Development Grant, an applicant must:

- Hold a Doctor of Medicine (M.D.), Doctor of Philosophy (Ph.D.), Doctor of Science (D.Sc.) or equivalent degree (i.e., D.O.),
- Be a member of a research team at an appropriate US or non-US based institution,
- Be qualified to conduct a program of original research under the supervision of an independent investigator (mentor),
- Have an acceptable research plan for a specific disease in MDA's portfolio,
- Have access to institutional resources necessary to conduct the proposed research project,
- Have a minimum of eighteen (18) months of post-degree research laboratory training at the time of application,
- Be no more than 84 months (7 years) from receiving a Ph.D. or D.Sc.; or no more than 120 months (9 years) from receiving an M.D., D.O. or M.D., Ph.D. by the application deadline,
- Not have been funded under the Development Grant program in the past,
- By the application deadline, applicants must be in compliance with MDA's Good Standing policy and be up to date on any delinquent or incomplete grant deliverable from previously awarded grants. See MDA Research Department Grant Policy Manual for details.
