

FUNDING OPPORTUNITIES

Marian R. Stuart Grant

The Marian R. Stuart Grant will further the research, practice, or education of an early career psychologist on the connection between mental and physical health, particularly for work that contributes to public health.

Deadline: July 10, 2024

Amount: Up to \$20,000

Sponsors: APF

[Apply Online](#)

The Marian R. Stuart Grant will further the research, practice, or education of an early career psychologist on the connection between mental and physical health, particularly for work that contributes to public health.

Examples include but are not limited to research-based programs that teach medical doctors counseling skills; research-based programs on the effect of behavior on health; and research-based programs on psychologists' role in medical settings for the benefit of patients.

Eligibility

APF encourages applicants from diverse backgrounds with respect to age, race, color, religion, creed, nationality, ability, sexual orientation, gender, and geography.

Applicants must:

- be an early career researcher (no more than 10 years postdoctoral)
- be affiliated with a nonprofit charitable, educational, or scientific institution, or governmental entity operating exclusively for charitable and educational purposes
- have demonstrated competence and capacity to execute the proposed work

Preference will be given to psychologists working in medical schools.

Application Instructions

Application Materials:

- project proposal
- project timeline
- detailed budget and justification
- CV

Evaluation Criteria

Applications will be evaluated on:

- quality, viability, and potential impact of the proposed project
- originality, innovation, and contribution to the field
- applicant's demonstrated competence and capability to execute the proposed work
- allocation of resources and criticality of funding for execution of work (particularly if part of a larger funded effort)
