

# REQUEST FOR PROPOSALS:

## *Autoimmune Polyglandular Syndrome Type 1 (APS-1)*

Autoimmune Polyendocrinopathy Candidiasis Ectodermal Dystrophy (APECED)

**INITIAL APPLICATION DUE: NOVEMBER 14, 2022 (11:59 PM PT)**

**The National Organization for Rare Disorders (NORD)'s Jayne Holtzer Rare Disease Research Grants Program with funding from the APS Type 1 Foundation, Inc.**

### **Award Opportunity:**

NORD is accepting applications for **one grant of \$50,000 US** for scientific and/or clinical research studies related to APS-1. This grant is made possible with fundraising from the APS Type 1 Foundation

### **Purpose:**

This grant will be awarded to initiate scientific and/or clinical research studies that will advance knowledge in APS-1. Results from this award can be used to obtain additional funding from agencies such as the NIH or FDA or to attract corporate sponsors. The results can also assist in the development of new or better diagnostic tests, treatments and therapies.

### **Application Process:**

All applicants will be reviewed by a medical and scientific review board.
