

Award Deadlines

Quick Summary

- The Parkinson's Foundation provides multiple active grant opportunities for **independent investigators**, early-career researchers, clinicians and students, each with specific opening dates, deadlines and start times.
- Several awards support innovative research, clinical training and early-career development in Parkinson's science.
- Applicants can apply through the Foundation's grant portal, review full details for each award and browse previously funded grants and investigators through the **online award database**.

Thank you for your interest in applying for a Parkinson's Foundation grant. Below is the list of active award programs. For more information about each program, please click on the award names. To apply, click on the "Apply Now" link, register your email within our grant portal, and you will be able to view additional instructions and start the application process. Please note that some awards are in partnership with other organizations and are often managed by them.
